Infrastructure & Natural Resources	

1 Infrastructure & Natural Resources

1.1 Introduction & Purpose

The purpose of this procedure is to define your organization's process for ensuring that suitable facilities, infrastructure and working environments are provided and maintained as required to ensure product conformity. This includes planning, provision and maintenance of employee facilities, workspaces, equipment, software and associated services.

1.1.1 Process Activity Map

1.1.2 References

Standard	Title	Description
